Beijing

Pengxiang Zhao specializes in banking and finance, and has provided legal services to numerous trust companies, financing lease companies, and PE funds clients. He has extensive experience in asset management, structured finance, various types of trusts, financing leases, and the development of financial products with complex transaction backgrounds.

Mr. Zhao has participated in various complex real estate investment and financing, infrastructure construction investment and financing, risk resolution and disposal projects, as well as various types of new asset service trust projects. He provides clients with full-process legal services, including transaction structure design, negotiation, compliance argumentation, legal document drafting, and product management in the middle and later stages. In addition, Mr. Zhao has rich experience in aircraft financing and leasing areas.
